Typhoon! Has Landed

BEND IS A GREAT TOWN FOR EPICUREANS in search of original and authentic international cuisine. Typhoon! restaurant has attracted fans of Thai fare since 1985 via its six Northwest locations and its recent arrival in downtown Bend is a welcome and celebrated addition to our food scene. Owners Steve Kline and Executive Chef Bo Kline have taken authenticity to a higher level at Typhoon! and are recognized as one of "the" best Thai restaurants nationally.

Bo is a culinary star whose appreciation and understanding for what constitutes great Thai food is reflected in the specialized dishes featuring peasant and royal palace cuisine, traditional and regional favorites, rare historic dishes and contemporary Thai cuisine. This broad presentation of Thai cuisine gives customers an authentic Thai experience. Dishes are prepared with careful consideration as is the elegant restaurant ambiance that showcases the Klines' impressive collection of Thai artwork and decorative pieces, creating an exotic and intimate setting.

Typhoon! takes guests on an exciting culinary tour of Thailand. Indulge in royal duck curry, a delicious recipe that has existed for centuries, revealing just how well Thai royalty dines. Venture into areas of Thai peasant cuisine, which is relatively unexplored with a Thai favorite, *miang kum*, a scrumptious starter combining unusual ingredients that will confuse your taste buds into ecstasy. Traditional dishes of phad Thai and panang curry are also certain to please any crowd. Bo has also added personalized Thai dishes with a contemporary twist to the bill of fare. Fish On Fire, a mouthwatering curried fresh halibut served flambé with rum, is a perfect—and delicious—example.

Journey onward to the road of temptation where you will encounter decadent desserts of fried bananas, espresso crème brûlée and coconut ice cream as well as a fine collection of wine, spirits and rare Asian teas which have been meticulously collected and are guaranteed to remedy any ailment! is top notch yet the prices are not, especially during happy hour when select cocktails and appetizers are served at reduced prices.

Thai cooks are renowned for their obsession with the balance and harmony of sour, sweet and salty flavors and the results are unrivaled. Typhoon's kitchen team has Thailand's most talented chefs working deliberately to create this perfect sense of balance to their food using only the highest quality ingredients and products—many of which come directly from Thailand.

Typhoon! is an iconic symbol to true Thai food. Yet, in the true sense of artistry, the Klines' established a second genre of restaurants, Bo Restobar, featuring a "no boundaries" menu of inspired dishes with Pan-Asian influence. Bo Restobar will soon be joining us in Bend as well.

Typhoon is located at 550 NW Franklin Ave., enter on Bond. They are open Monday thru Saturday for lunch and dinner and Sunday for dinner only. For additional information, contact (541) 306-8889 or visit www.typhoonrestaurants.com. 3
